<p>Extensions of time may be obtained under 37 CFR 1.136(a). The date on which the petition under 37 CFR 1.136(a) and the appropriate extension fee have been filed is the date for purposes of determining the period of extension and the corresponding amount of the fee. The appropriate extension fee under 37 CFR 1.17(a) is calculated from: (1) the expiration date of the shortened statutory period for reply originally set in the final Office action; or (2) as set forth in (b) above, if checked. Any reply received by the Office later than three months after the mailing date of the final rejection, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).</p>		
<p>NOTICE OF APPEAL</p> <p>2. <input checked="" type="checkbox"/> The Notice of Appeal was filed on <u>25 June 2007</u>. <p>4. <input type="checkbox"/> The amendments are not in compliance with 37 CFR 1.121. Continuation of 3. NOTE: Independent claims 1 and 15 have been amended to require that the reaction system is initially formed by simultaneously mixing the whole blood sample with a treatment solution comprising detergent, a first substance which is immobilized on a solid carrier that specifically binds to an analyte present in the blood, and a second substance which also specifically binds the analyte and then allowing the components to react; which raises new issues for consideration under the provisions of 35 USC 102 or 103 for reevaluation of prior art of record, and/or search for relevant art.

Continuation of 11. does NOT place the application in condition for allowance because: claims 1 and 15 have been amended to include limitations that require further consideration, search, and evaluation of relevant prior art in relation to patentability of the newly recited claims.
